IMPACT STATEMENT
RESULT: COMPLIANT**

DRAFT FOREST MANAGEMENT PLAN 2014 - 2023

Thank you for providing the Decision Regulatory Impact Statement on this regulatory proposal.

The Regulatory Gatekeeping Unit advises that, based on the information provided, the *Regulatory Impact Assessment Guidelines for Western Australia* have been followed, and the Western Australia Government's Adequacy Criteria have been met.

The proposal may now proceed to the decision maker, accompanied by the Decision RIS. The Decision RIS should also be included as an attachment to the Cabinet Submission. When the regulatory decision is made public by the Government in its final form, the Decision RIS and this Compliance Assessment Notice should be published on your agency website. The Regulatory Gatekeeping Unit will provide a link to these documents from the Department of Finance's website.

The approved Decision RIS may not be changed without consultation with the Regulatory Gatekeeping Unit, as any changes may affect its compliance with the Adequacy Criteria.

If this regulatory proposal undergoes changes during its subsequent development or drafting, and significant new impacts on business, consumers or the economy are introduced, supplementary Regulatory Impact Assessment may be required as outlined in the Guidelines document.

It should be noted that the Regulatory Gatekeeping Unit does not support any particular regulatory option or outcome and does not verify the underlying data or methodology used in a Regulatory Impact Statement. This letter should be retained as a record of the RGU's advice. The reference **RG1023** should be quoted in all correspondence relating to this proposal.

If you have any questions or comments please do not hesitate to contact Ambre Hillier on 6551 4750 or email the RGU at regulatorygatekeeping@finance.wa.gov.au.
