

CANNING RIVER REGIONAL PARK MANAGEMENT PLAN 1997-2007 Amendment to Management Plan

In response to community enquiries to improve access in Canning River Regional Park, the Department of Environment and Conservation and the Conservation Commission of Western Australia agreed to consider an amendment to the *Canning River Regional Park Management Plan 1997-2007*.

The amendment to the management plan was prepared in accordance with section 61 of the Conservation and Land Management Act 1981, and was approved by the Minister for the Environment on 16 November 2006.

The amendment will enable the Department of Environment and Conservation to construct a higher grade path (dual use path), should the need arise, from Riverton Bridge to the southern end of Watts Road in Wilson. This amendment reflects the increased recreational use of the area.

AMENDMENT TO THE CANNING RIVER REGIONAL PARK MANAGEMENT PLAN 1997-2007
